**We Should say  
HOW  
DARE  
THEY!**

What is this bru ha ha about Gonder? Who was in Gura and Gundet? Who was there that was keeping an eye on Mistewa when some were getting 4 million Maria Terasa? Who died in Metma when some were limping three weeks in to a battle field? Who is Sibagadis who is eulogized by many?

Make no mistake; our forefathers did not die as prison guard of a country of nations and nationalities. They died defending a country with rich in language,culture and history.

Who is Ethiopiawe, the one who puts Ethiopia as the symbol of poverty or the one who is trying to help our people eat three times a day? The one who dreams of making our country as a middle income earner country in 30 years or the one who demonstrates in front of IMF and world bank for AID not to come to Ethiopia? The one who builds universities all over the country so our fellow citizen will be educated or the one who want till KINGDOME COME be called "Birkiye Mihuroch" and be put in pedestal?

The one who struggles for nations and nationalities to be proud of their culture and language or the one who hides behind Ethiopia denying that his father is Tigrian, or Dorze or Hadiya or Gurage etc.

The TIME to HIDE behind Ethiopia is OVER, because we have RECLAIMED Ethiopia. WE, the nations and nationalities and peoples of Ethiopia.
