

CHICAGO TIGREAN MUTUAL ASSOCIATION

A Call of Unity and Harmony

We members of the Chicago Tigrean Mutual Association are calling on peace loving Ethiopians and friends of Ethiopia to denounce the hate and outright condemnations of Tigrean people by few hate mongers within and outside of Ethiopia.

Tigray is one region in Ethiopia and its people are proud Ethiopians. We are saddened and disturbed the hate mongers are attacking the Tigray people who sacrificed a lot to bring peace and development in the country.

We are dishearten to hear many Tigreans were displaced, killed and wounded during the riot that took place in Northwest Region of the country recently.

We ask all individuals and organizations who are using the social media to refrain from spreading hate. There is clear connection the hate mongers inside Ethiopia are using such divisive messages to cause mayhem and hurt innocent people.

We ask all peace loving Ethiopians to condemn these hate groups and fight against discriminations and persecution of innocent people regardless of their ethnicity in Ethiopia or here in the USA

Peace for Ethiopia!

Respectfully,

Chicago Tigrean Mutual Association
