Press Release
Extremely Urgent,
January 20, 2016

The Whereabouts of More than 100 Eritrean Kunamas is Unknown after the Eritrean Regime has conducted a Mass Arrest

The Eritrean regime is Expanding its ethnic cleansing Agenda

we are urgently appealing to all international human right organizations to raise their voice against the second round wave of systematic persecution, wholesale arrest and the disappearance of the Eritrean Kunama as part and parcel of the Eritrean regime's protracted ethnic cleansing program in the past two months, commencing from the mid of November, 2015 up to January, 2016.

The UN has set up a Human Right Inquiry Commission to investigate the Eritrean regime's possible crime against humanity. And yet, under this international cloud the regime has decided and insisted to expand and consolidate its ethnic cleansing agenda further and in a more aggressive magnitude.

We are submitting the comprehensive list of the Eritrean Kunama those were picked up by the security forces and have never been heard from. The persecution has not abetted and we intend to up date it with further information. We appeal to you to openly expose and condemn this brazen criminal act by a regime that has already been sanctioned twice by the United Council Security Council (UNSC).

In the document attached, you will find the pertinent information, names of 74 individual Eritrean Kunama those were disappeared under the control of the

regime's security forces since November 15, 2015. We are working to gather the detailed back ground information of the remaining 26 Eritrean Kunama detained by the security forces.

Ethnic cleansing is a Crime against humanity, it must be exposed!!!
