

THE TIGRAY GENOCIDE / THE BETRAYAL OF THE MILLENIA

It is a sin to hate the good people of Tigray. The 27 years of Hate Speeches by the Amhara Elites against the people of Tigray and then by the African 'Nazi' (Prosperity Party) and its media brain washed the majority Ethiopians. No matter what, it is a sin to hate or harm the people of Tigray. To mention just one fact about their values: Many Ethiopian Generals (Berhanu Jula, Bacha Debelie, Abadulla Gameda, Kassaye Chamedea, Kuma Demeksa, etc.) were captives of these merciful people of Tigray during the 17-year long war. Then, these forgiven POWs were re-trained, re-positioned, and promoted to the ranks and file as far as positions of generals within the military in the government EPRDF. However, despite such merciful deeds of the people and government of Tigray, these ill-fated ex-pow generals are biting the hands that fed them, killing Tigrayans, and destroying everything they had, in collaboration with fascist Isaias Afewerki of Eritrea.

My fellow Ethiopians need to know that it is not for the sake of Dr. Debretsion's power grab that Tigrayans are now fighting and sacrificing their lives. Instead, they are fighting for their survival and their rights. I urge you then not to lose your lives for the sake of the self-appointed fascist Abiy Ahmed. Instead, fight for your people and your rights.

- **I have few words to address The Ethiopian Religious Leaders, if not all of them:**● Why did you bless the cruel soldiers of Abiy Ahmed to commit genocide on the people of Tigray?
- Why were you silent when the wild Isaias Afewerki did all evil things to the people of Tigray?
- Why did you declare, "Praise to God for TPLF was buried before it celebrated its 46th anniversary" to all churches inside and outside the country? This is not about TPLF.
- Why are you supporting the dying Abiy Ahmed regime to arrest and put Tigrayans in concentration camps across Ethiopia at this moment?
- Do Tigrayans deserve what you are doing to them?

Most Ethiopian Religious Leaders shamelessly supported 'The Tigray Genocide' which is '**The Betrayal of The Millenia**' in its kind.

You chose to believe and follow the hate speeches of the 'African Hitler' (Abiy Ahmed) while you knew the goodness of the people of Tigray very well. No one can be better Ethiopian than them.

Of course, no one is perfect other than God. But because of the injustice, God was, is and will be on their side. He is a Righteous God. I am on God's side too.

Tigrayans fought against fascist Mengistu government for 17 years and brought you freedom of worship.. It was a very big sacrifice to do so.

They guarded you in places of worship and in stadium crusades in bad and good weather.

They led you to extraordinary development and real prosperity (not Prosperity Party, the idol) that is measurable (Energy in megawatts, Economy in GDP by World Economists, Health Care in Child and Maternal Mortality percentages and Average Life Span, etc.).

These amazing people do not deserve what you are doing to them now.

You failed the people of Tigray - you have fallen big time. You have placed the Church of Christ in Abiy Ahmed's trap.

The only way out of this trap and the initial step to take for you is: repentance of your sins to God and to the hurting people of Tigray. Then be willing to take the risk of persecution for truth. May God show you mercy as you repent and change your course. In Jesus name.
Amen.
