**Subject :- Asking support in saving our daughter who is suffering from renal failure**

Dear all humanitarians, we wish you be happy and healthy. We thank you very much for being on our side so far. Our innocent, brilliant and pleasant daughter Hilina is dying suffering from renal failure. Many attempts were being done in Axum, Black Lion, Betetl and Koria hospitals for ten months. She was being treated as shown in the Medical Case Summary attached. We parents are teachers working in Axum, Tigray. We got it impossible to afford the cost for Hem dialysis done regularly which costs about 18000 birr a month and for further therapy or kidney transplantation recommended in the attached medical case summary. We could do nothing unless you well-doing and others like you are participating in saving this hopeful child. Because of her serious sickness our other three children are psychologically suffering and will give up their education. Our hope is getting worse and worse. By now she is in Hem dialysis and on follow up in black lion hospital living in relatives' home . We are waiting for your well- doing and kindness to treat her by temporary dialysis and furthermore, for transplantation in abroad.

So, please for the sake of God and this hopeful 14 years old child who was being awarded being first and model in all grade levels /1-9/ we are waiting for your life saving hands. For more information you can contact us on 0914766051/ 0921886921 or saron.teklu@yahoo.com. Our bank Account is TekluHagos/ Mantegbosh Fisseha 1000022462133- CBE

Sincerely yours

Teklu hagos and Mantegubosh fisseha
