

Call for Tutors recruitment

4th Round GSTS-MU Summer Tutoring/Mentoring Programme

As a continuation of the previous 2 consecutive years, GSTS (The Global Society of Tigrean Scholars (formerly known as TSAN) and MU (Mekelle University) summer programme, GSTS and MU are now more than glad to announce that the programme will continue for the coming summer with more number of participating students and additional value-added inspiring programmes. So far, about 1,800 top rank high school and pre-college students from Tigray high schools and preparatory schools have been benefited from the summer programme. The main activities in the upcoming programme include:

- **Tutoring/Mentoring** : for grade 10th and 12th students, those who will sit for national exam in 2017
- **Science day/fair/exhibition**
- **Consultation services**: such as on time management, study tips, exam mastering, proper usage of library resources etc.
- **Educational visits**: to local industries, dams, solar/wind farms, research centres, laboratories etc.
- **Inspirational/motivational talks/conferences** (e.g., on emerging fields, model success personalities etc.)
- **Various Awards** (e.g., to best performing students, tutors etc.)
- **Best ideas/Science projects Award**

In this regard, GSTS-MU would like to recruit a number of high scoring university (1st degree and above) students/graduates to serve as Tutors (teachers) in this novel and extensive summer programme that will take place at Mekelle University, for a duration of 1 3/4 months (July and August). The Tutoring/Mentoring programme will be focusing on Natural Science, Language and IT fields, namely, Mathematics, English, Chemistry, Physics, Biology, and Computer Science.

What does GSTS-MU offer to successful tutors?

- Free Accommodation and Food Service during the whole programme duration + one week preparation time
- Attractive Pocket money, covering for the 7 weeks programme duration + 1 week preparation time– The amount and mechanism of payment will be notified at the time of contract in the presence of both sides.
- Participation certificate and other related benefits
- Possible project sponsorship for their graduation final project
- Package of E- Materials (Softwares, Programmes, Articles, etc.), Access to Internet etc.
- Opportunity to detail interaction with GSTS-MU professionals, enabling for further personal and professional development prospects, such as scholarships, trainings etc.
