

# **Lekatit 11 colourfully celebrated in Oslo**

Lekatit 11, which is the dearest investment of the people of Tigrai in terms of life, disability and all kinds of resources at disposal, was colourfully celebrated in Oslo on February 28/2009 in the presence of Martyrs respecting Tigreans and compatriot Ethiopians who value the contribution of Lekatit 11 to the peace, democratization and development of our country, Ethiopia.

In deed, Lekatit 11, though started in Tigrai, its glory and fruit has begun to be seen all over our country with conspicuous change in the areas of Education, Health, Power generation, Expansion of Road and Telecommunication networks, Clean water etc. The results scored in Food Security as well as investments in manufacturing and service sectors are with out doubt heralding the inevitable victory in the extensive war on poverty. Such victory would have been unthinkable with out the cost our martyrs have paid their one and irreplaceable life.

Thus, we Ethiopians in Oslo, while gladly hearing development news from our country almost everyday, had to pay the annual Lekatit 11 tribute to our martyrs who are the very cause of these successes there by recreated whole night with traditional Ethiopian music.

Glory to our Martyrs!  
Oslo Norway
