Ethiopian Celebrated Five Years of Successful Service to Toronto

September 25, 2017

Ethiopian Airlines Group, the largest airline in Africa, marked five years of successful service to Toronto, Canada.

Gracing the anniversary event, VP Marketing Ethiopian Airlines Group, Mrs. Rahel Assefa: said, “We are glad to mark Ethiopian five years of successful service to Toronto, Canada, our 5th gateway to the Americas. In a historic coincidence, this momentous occasion has matched with the timing we augmented our weekly scheduled services to five times a week; currently operated with our game changing fleet, B787. We owe this glittering success to the continued patronage of our esteemed customers and the support of the Canadian Government. As the route has played great roles in further bonding economic, cultural and bilateral cooperation between Canada and the continent of Africa, we shall thrive to work harder to mark many more successful years ahead. ”
