HEARTFELT CONDOLENCES

Tigrean Community of Greater Los Angeles is mourning the loss of a great woman, and a highly esteemed sister, Netsanet Asfaw. She leaves an empty spot in our heart, because, Netsanet had a special affinity with us. Netsanet was instrumental in founding The Tigrean Community of Los Angeles, as well as REST and UTNA here in LA, in the early 80s.

Netsanet had an unequalled and deep commitment and dedication to the cause she stood for, and for which she abandoned a life of comfort and luxury in Europe. She had graduated from the then Haileselassie University and worked in the Ministry of Information as a journalist for a few years. She then moved to Germany and continued working for Deutsche Welle Radio for more than a decade. Netsanet left all that and went to Tigray to join the TPLF struggle for a better Tigray and Ethiopia.

MAY SHE REST IN ETERNAL PEACE
